## A Message from our Executive Director

Happy Anniversary to us! 70 Years and still going strong and growing! In 1956 through the effort of a handful of local organizations and individuals, the Lakes Region Scholarship Foundation was born. That first year, 8 donors awarded to 17 recipients a total of \$2,625.00! Since the inception of the Foundation, a total of 654 donors, which does not include the thousands who have contributed to specific memorial funds or to our fundraisers, have awarded scholarships to 6,270 recipients for a total of \$10,956,663.00!

Not only is LRSF providing students with scholarship aid to help in their education pursuits, but LRSF has also become an invaluable service to those service clubs and organizations fulfilling their legacy of service to the community, as well as helping families looking to honor their loved ones by perpetuating their memories and life story. We are so grateful to all our donors who deserve the credit for this remarkable feat. I think the Founders of LRSF would be proud of how far the Foundation has come in fulfilling its mission "to promote and encourage scholarships and opportunities for higher education among residents of the Lakes Region of New Hampshire, and to encourage the establishment of additional scholarships...". I also want to thank the past and present Trustees of the Foundation, including our recent retiring Trustees, Gayle Price, Jim Carroll & Phil Bonafide, as well as the past Executive Directors, Joan Cormier, Paulette Loughlin, and Karen Switzer. It is with their stewardship that the Foundation has grown to become an integral part of the Lakes Region community.

Chris Guilmett  
Executive Director

Plans are underway to hold our annual **LRSF Benefit Night at Fratello's** on Tuesday, March 3rd, from 4:00pm to close. If you attend, please make sure to mention that you are there that night to support LRSF, and Fratello's will donate 25% of the food portion of the bill to LRSF. Please note that this also includes any takeout orders between those hours.

## **We are honored to recognize the following funds celebrating benchmark anniversaries in 2026!**

### **5 Years (2021)**

**CW2 Jonathan R. Farmer Memorial Scholarship - (1981-2019)** This award was established by friends of Jonathan from Laconia High School. By trade, Jon was an Assistant Detachment Commander of an ODA (Operational Detachment Alpha) in the 5th Special Forces Group of the United States Army. His work took him around the world on six combat tours until, on the 16th of January 2019, he was killed in action in Manbij, Syria. Jon died an American hero, but there was certainly more to Jon than you would read in the short DOD press release. John was a loving husband and devoted father to his four children, family. Jon's integrity was beyond reproach. During his years at LHS, he was someone that all of his classmates and teammates could look up to. From a young age, Jon was the type of man who always looked out for the disadvantaged and tried to always protect those that could not protect themselves. Jon's almost 30 years of friendship meant the world to his friends, and they considered it an honor to present this scholarship in his memory to a graduate of LHS, in the community that Jon loved dearly.

**Kyle Harriman Memorial Scholarship – (1981 – 2021)** born in Laconia, he attended elementary, junior high and high school in Gilford, where he resided. Kyle was active in numerous sports, baseball, soccer, basketball, and golf. He had a positive impact with his team members and was well liked by players and coaches alike. In high school, he was awarded the scholar athlete award in golf. He excelled in math, scoring an almost perfect score in the math section on the SAT in high school. He knew before he started high school that he wished to pursue a degree in pharmacy. For Kyle, his Doctorate in Pharmacy degree offered him the opportunity to make a real difference for the health and well-being of his patients. Kyle did his internship at Hannaford in Plymouth and was hired full time. Kyle embraced his mom's favorite quote, "A day without laughter is a day wasted." He had a big heart and was always willing to help others. He brought laughter to friends and family alike.

**Christopher Lockwood Memorial- (1975 – 2020)** a 1994 graduate of Belmont High School, Chris was a stand-out athlete in both soccer and basketball, scoring over 1,000 points in basketball. He continued his pursuit of sports with a post-graduate year at Brewster Academy, followed by two years at NHTI and then Elms College, where he obtained his bachelor's and master's degrees. Chris was an avid sports fan. He had a love of team sports and wanted to instill that same love in his two children, coaching both of their basketball teams and encouraging team to try new things, and most importantly, have fun.

**Willard G Martin, Jr. Scholarship- (1937 - 2021)** Willard G. "Bud" Martin, Jr. was born in Boston but lived for many years in Sanbornton. He was a graduate of Laconia High School and then went on to get his bachelor's degree from Bates College. Based on his success at Bates, he earned a scholarship and continued his education at Harvard Law School and in 1962 he passed the NH bar exam and returned to his hometown to begin his law career. During his 57 years at Martin, Lord & Osman, PA, he served as an attorney, director, and president. Bud also served 35 years as a special justice at the Laconia District Court in the Family Division, working almost exclusively with juvenile cases. He was known for his Mickey Mouse watches and often would give one to one of the kids who appeared in his court as a special gift. (It was said that he probably held the record for the most Mickey Mouse watches purchased.) When Bud had to step down from the court at age 70, he continued his work advocating for children through CASA. Bud spent his life serving his community. He was a co-founder of the Belknap County Citizen's Council on Children and Families and the Carroll County Juvenile Justice Program. In addition to these organizations some of the other groups he served were: The Sandwich Board of Selectman, the Sandwich Planning Board, the Salvation Army Advisory Board, the Child and Family Services Carroll County Coalition, the Carroll County United Partners in Prevention, Neighbors in Need, the NH Bar Association and the Board of UNH Law School. In his spare time Bud loved working in his orchard picking apples and making cider in the fall and in the spring he was busy at his sugar house making maple syrup. He loved running and was an avid alpine and water skier and loved to travel.

**Craig Miles Memorial – (1956 – 2021)** An LHS Class of 1974 graduate, Craig was an LHS athlete. He always spoke of his days on the Laconia High School football field, where he played and then later watched his three boys do the same. Craig worked at a number of local marinas in his youth establishing Miles Marine in Gilford, NH, in 1984. Craig started off with a used pick-up truck and a trailer, and Miles Marine grew to be one of the largest and most well-respected boat transport companies on the east coast helping to pioneer the boat transport industry. He ran a true family business alongside his wife and children Craig was a well-respected man of knowledge, integrity, and trust in his work, but he was also someone with a heart of gold. He would offer people rides, assist people on the lake, and in early spring and fall you might have found him picking up the trash on the sides of Lily Pond Rd to support his commitment to NH Adopt-a-Highway. Work was what he did, but it was all done for his family. In the little time he did spend away from work, he could be found with his family; boating, fishing, playing hockey, snowmobile racing or riding in Colebrook or Pittsburg, side by side riding on those same trails or journeys to the beach or a cruise ship with family or friends.

**Patrick's Pub Employee Scholarship Fund -** Patrick's Pub & Eatery has been owned and operated by the Beetle family since 1994. In that time, the restaurant has been an active partner in the community, with a commitment to make a difference with their customers, staff, and community.

**Cody J Ryan Memorial Scholarship - (1990 – 2015)** Cody was full of life. He had a beautiful, giving heart and shared his exuberance for life with many friends and family members. Cody went to Holy Trinity School from Kindergarten through 8th grade and then went on to Laconia High School graduating in 2009. He studied building trades at the Huot Technical Center and played several sports but was very passionate about basketball. He played on an AAU basketball team that won the state championship and went on to play in the Nationals. Cody was a member of St. Joseph Church (now St. Andre Bessette). He loved spending time with his family.

**Reverend George J Soberick Memorial – (1935 – 2021)** born in Lansford, PA. he attended the Seminary of the Congregation of the Holy Spirit before transferring to the Diocese of Manchester, NH. He was ordained a priest in 1962. Fr. Soberick was a faith filled, compassionate and caring priest. He served numerous parishes in NH throughout his 59 years following his ordination, including as Diocesan Superintendent of Schools for five years. In his quiet unassuming manner, he made a difference in so many lives. His presence in the Lakes Region impacted on countless people. He was well known for his family Mass at Our Lady of the Lakes where children were welcome to sit on the altar for the homily. He was an enormous advocate for families, and students of all ages, including high school and college. He was a quiet supporter of seniors in need. When he retired, he returned to PA and served in weekend ministry. He enjoyed being close to New York City and quickly got involved in teaching courses and serving weekends as needed. It is fitting that through this scholarship Fr. Soberick will continue to reach out to students on their journey to further their education.

The last 19 years he was a staff attorney with the NH Division for Children, Youth and Families. He was a passionate and tireless advocate for the rights of children. He worked tirelessly and was a calming force in the Laconia District office. He did amazing work with the families of the Lakes Region. It was a pleasure when he appeared in court as his preparation was spot-on. He had understanding, compassion and respect for parents and legal process which set a high bar for others to follow. Kind to the core, he was passionate about kids and always fair with parents in understanding their difficult circumstances. Gary was also a Major in the United States Marine Corps serving as a helicopter pilot during the Vietnam War. He served his country, his state, and communities with honor. **Alton Summer People's Award**- Summer People, Brad and Ginnie Jones and Don Young were friends who had cottages near Alton Bay. They were looking for a way to give back to Alton, for those families who find it difficult financially to send their children to college. Many of these young people were excellent students for whom a higher education would be necessary for good career opportunities. They decided that offering scholarships would be a good way to give back. In 1985 the three launched Summer People's Scholarship, raising \$75,000 mostly from generous summer residents. The first award was given in 1986 to a graduate of then Alton High. Each scholarship was made renewable for three or more years provided the students had good grades. Over the years, the company earned respect and admiration for their high-quality construction and above-standard workmanship and became one of the largest commercial construction firms in the state. Doug and Angela were very generous in his support for charities in the area and across the state. They became benefactors of the Belknap Mill's preservation project and numerous other worthwhile causes, including this scholarship fund to benefit college-bound students, especially those graduating from the Huot Technical Center.

Attracted to NH's hiking, skiing, and sailing, Dr. Charles Wilder became Laconia's first cardiologist serving the people of Laconia for thirty years. He was a dedicated father and during his retirement enjoyed taking his grandchildren hiking and boating and sharing his love of poetry and literature with them. The family described Maxine as someone who was a great friend, a good listener and someone who always wanted to make people feel better. She was a real, "glass half full" kind of person. Jewett IV (1984-2017), a young man who cared deeply for others and tried to help those less fortunate. With the passing of Stephen's mother, Mary Orton, additional funds were added. Mary was a former trustee of LRSF and ardent supporter of the local chapter of the American Red Cross, the local Make-a-Wish Foundation, the United Way, the Boys and Girls Club of the Lakes Region, Got Lunch! Laconia and St. Vincent DePaul. Mary was a devoted wife, mother, grandmother, sister, and friend who loved her family and friends unconditionally. **Laconia High School Class of 1966**– In June of 1966, one of the largest classes in the history of Laconia High School, 262 students, received diplomas. To celebrate their 50th anniversary in 2016, the class voted to donate funds raised from their successful reunion to help future LHS students fulfill their educational goals.

**Laconia High School Alumni Award** - was initiated in 2011 as part of the LHS Homecoming & Reunion Event which has been enthusiastically attended and supported by LHS graduates from 1933 through the current generation. The Laconia School Board voted to donate proceeds from the football game and has continued its support each year. The selection of scholarship recipients is based on students who exemplify the positive attributes that comprise Sachem Pride (Personal responsibility, Respect, Integrity, Determination and Empathy).

### Message from retiring Board Member, Gayle Price

It's funny how life can sometimes come full circle. I can still hear my parents' voices saying, "If you want to go to college, you'll have to pay for it yourself." My family was no different from many then—and many today—who could barely afford the necessities of life, but not the added expense of higher education. As a young person beginning my college journey in the early 1980s, I understood that achieving my educational goals meant taking full financial responsibility. I worked hard to be a strong student, a supportive teammate in athletics, and a positive contributor to my school and local community. As a result, I was rewarded in many ways. One of the most meaningful was receiving scholarship support from the Lakes Region Scholarship Foundation. I was truly thankful and grateful, as those scholarships made a real difference in allowing me to pursue my education and build a brighter future. All these years later,

I am thrilled to have had the opportunity over the past decade to give back to the organization that gave so much to me. I am deeply thankful for the many heroes along the way—the board members and Foundation leaders—who care so deeply about students and the community, and who work tirelessly to ensure the Foundation's future for generations to come. The Lakes Region Scholarship Foundation is truly a crown jewel of this community, and I will be forever grateful for the difference it continues to make.

### Message from retiring Board Member, Phil Bonafide

It has been both a pleasure and an honor to have spent the past nine years as a Board member of the Lakes Region Scholarship Foundation. Thanks to the work of our Executive Director, our Board members, officers, Foundation staff and our generous donors, the Foundation continues to grow and to benefit increasing numbers of students seeking to continue their education beyond high school. Reviewing the scholarship applications each year has given me, and my fellow Board members, a real insight into the hopes and dreams these students have for their futures. I can't think of a better way to have spent the last nine years than to have assisted those students reach their full potential with the financial support provided to them by our donors through the work of this foundation. I wish our current Board members well as they continue the important work of the LRSF.

#### LAKES REGION SCHOLARSHIP FOUNDATION

#### **MINUTES OF JANUARY 1, 2054**

- 1) All Board Members were present for the 100<sup>th</sup> Anniversary of the Foundation.
- 2) Financial Report: The treasurer reported that the Foundation's financial picture reflected decades of wise investing, combined with many like-minded citizens and organizations who have supported the LRSF's mission.
- 3) Director's Report: The Director reported that 600 students had received scholarships in this past cycle. The Director reported that the Foundation had again surpassed \$1 million dollars to students across the region.
  - a. The Director reported that 10% of the students were studying in graduate level programs, 65% of the students were in Bachelor Degree programs, and 25% were in vocational training programs.
  - b. The Director was delighted to report financial support for individuals in 'people related professions' (First Responders, Healthcare, Childcare, Social Workers, etc.) received \$50,000 in 'unrestricted' financial supports from the Foundation, which supported their continued professional growth, while continuing to work full time, as well as serving the 'greater good' of the region.
- 4) The Director announced the candidates for the Trustee's Scholarship, which will be granted to the Board's Choices at the Annual Meeting. This year's scholarship will be given in 'living memory of the trustees,' who served the foundation from 2016-2025.
- 5) The Meeting closed with the 'Closing Round' of reflecting on each member's service.

PS. Excuse my attempt to dream, but these are the dreams and visions that I see in the Foundation's future. The Board's membership understands my incidental 'editorializing' in the previous minutes, which I authored.

This musing is my way of thanking the Board who allowed me to serve, and to those whose vision created the present capacity and will yield what I envision at the Foundation's 100<sup>th</sup> Anniversary.

This service was not a 'labor of love' but a joy to be!!! Thank you to the directors, Joan, Paulette, Karen, and Chris. Thank you previous members for granting me the opportunity to be part of the future of so many men and women, who have benefitted from the Foundation's Scholarship.

A Final Goodbye, and Respectfully Submitted,

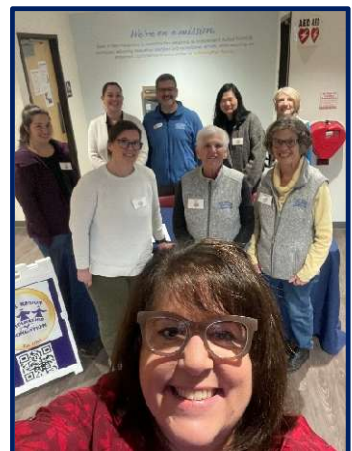

jmc

## Initial Steps in Organizing Scholarship Foundation Taken

Steps were taken at a meeting last night to organize what eventually may be known as the Community Scholarship Foundation or possibly the Belknap County Scholarship Foundation. The meeting was held at the directors' room of the Laconia Federal Savings and Loan Association and present were representatives of several organizations which in the past have made scholarship awards. Several of the representatives stated they had served on committees of clubs to obtain information concerning applicants for grants toward a higher education, and gave examples of confusion in the procedure which it is hoped could be eliminated and a more orderly arrangement found through the operation of a duly incorporated foundation. The corporation under its state charter would be a non profit institution, authorized to receive bequests, make student loans, and scholarship grants in strict accordance with the individual desires of clubs, service groups, business firms or others participating as members.

A community scholarship foundation was given a start last night at an informal meeting of representatives of organizations who grant scholarships. Don MacIsaac was chosen to preside at the discussion session in the directors room of the Laconia Federal Savings and Loan association. He talks over steps to form a foundation with Norman Weeks, president of Kiwanis; Mrs. Edward Howland, Emblem club president; Mrs. Lawrence Guild, president of the Laconia Woman's club; E. Harrison Merrill of Rotary club and Jerome Leavitt, school board chairman.

**McDonough Fund Pattern**  
A year ago the New Hampshire Golf association sponsored the Richard McDonough scholarship foundation, in memory of its long time executive director. A copy of the McDonough foundation's charter and by-laws will be used as a pattern in drawing up the aims and objectives of the Laconia foundation.

Atty. John Chandler is to prepare a summary of the objectives in co-operation with Donald MacIsaac, who has served on the scholarship committee of the Elks. This summary will be sent shortly to the Woman's club, the Elks, the Emblem club, the Kiwanis, Rotary and Lions clubs, the Business and Professional Women's club, the University Women, the Grange, the Steel Workers Union, the Laconia Evening Citizen, the Laconia school board and other groups who have indicated interest in the subject of scholarship awards.

**Second Meeting**  
If organizations approve the purposes of the foundation they will be asked to send representatives to a meeting Thursday evening, Feb. 9, for formal action leading to the election of directors, adoption of the charter, etc. These steps would be taken, it was indicated, with positive assurance that any club, individual or business firm making a scholarship award through the foundation would be publicly recognized as the donor of a stated amount, as in the past.

On hand for the initial meeting were E. Harrison Merrill, William A. Michoney, and Donald Piper of the Rotary club, Edward J. Gallagher of the Evening Citizen, President Jerome Leavitt of the school board, Mrs. L. J. Guild of the Woman's club, Mrs. Edward Howland of the Emblem club, President Norman Weeks, Howard Bacon and Robert Morrison of the Kiwanis club, John Chandler of the Lions club and Don MacIsaac, who presided.

NEWLY ELECTED president of the Lakes Region Scholarship Foundation is Robert McGrath, seated. Officers standing are Kenneth Blackey, reelection treasurer; Joan Cormier, reelection corresponding secretary; Helen Martin and Daniel Sullivan, elected directors.

## Scholarship Group Scores Two Firsts

Annual meeting of the Lakes Region Scholarship Foundation Monday evening marked two firsts in the 14 year history of the foundation.

For the first time a person who received a scholarship on graduation from Laconia High School, Dan Sullivan was elected a director for three years. With L. M. Pike and Son, Mr. Sullivan is making his home at 41 Lyford St.

Rev. Frank Gulino is the first member of the clergy to serve as a director of the foundation. Third director elected at the meeting in the directors' room of the Laconia Federal Savings and Loan Association is Mrs. Helen Martin, who served two terms on the board in past years.

Robert McGrath succeeds Mrs. Margaret Howland as the foundation president. Elected vice president was Willard Hayward. Kenneth Blackey was reelection treasurer. Miss Joan Cormier, corresponding secretary, and Miss Polly Cotting, recording secretary, were both reelection.

Two past presidents, Edmond Sullivan and Robert Morrison, were named directors ex officio.

Treasurer Blackey's report showed 59 scholarships awarded 45 students in 1968, a total of \$12,850.

With the Irving Selig Fund added to the Lakes Region Scholarship Foundation in 1969, trust funds now total \$48,473.26.

President McGrath recalled that

when the scholarship foundation was launched in 1954, \$3,000 to \$4,000 in scholarships were awarded the first two or three years, a contrast to the over \$12,000 of 1968.

New scholarships, such as the L. M. Pike and Son award last year; memorial gifts, the Dr. Frank Sullivan, F. A. Normandin, David Kreitzer, Mickey Dunleavy funds, for example, and the many trust funds have contributed to the growth.

Directors agreed not to have a drive for funds this year, but personal donations and memorial gifts may be made at any time to Treasurer Kenneth Blackey, Lakes Region Scholarship Foundation.

The deadline for 1970 scholarship applications will be May 15.

banks and trusts who help students in need through the foundation met Monday evening to choose recipients.

## LHS Class of 1910 Exceeds Scholarship Goal of \$10,000

Laconia High School Class of 1910 has contributed over \$10,000 to the Lakes Region Scholarship Foundation in 10 years.

Treasurer Kenneth Blackey has received the following letter from Charles O. Duke, 1910 Class treasurer:

I am enclosing a check in the amount of \$800 which the Class of 1910 is presenting to the Lakes Region Scholarship Foundation. This donation is to be added to the principal of the Class of 1910, Laconia High School Trust Fund. The income from this fund is to provide a scholarship to some worthy graduate of the Laconia High School to further his or her

education. 1-14-70  
We, the members of the class of 1910, had a secret ambition to donate at least \$10,000 to your Scholarship Foundation but this amount at the time appeared to be beyond the realm of probability. I am now pleased to state that we have reached our goal and hope that we may make additional donations before the curtain falls on the class of 1910.

Our contributions to your Foundation are as follows:  
1960, \$3,001.82; 1961, \$3,284.43; 1966, \$250; 1966, \$250 (credited to the Saltmarsh Fund); 1967, \$1,015; 1968, \$1,000; 1969, \$500; Dec. 28, 1969, \$800.  
Total to date — \$10,101.25.
