

Dear Persons, family,

Thank you so much for choosing me to receive this generous scholarship. I am very appreciative of it as it helps me to further my academic goals and with my secondary education. I hope to use the funds you have given me to go on to medical school after college and serve my community just as Norman and Betty have served our community by creating walking trails behind their farm and funding the public library. I often visit and walk the trails at Rambler View Farm with my dogs and my family all year long. Stella and Tucker, my two dogs, are very grateful for all the trails they have created as well. I have also very much enjoyed the Gilford Public Library since I was a little kid. It is a wonderful destination in the town and offers so much to the community, and therefore I am

greatly appreciative of their generous gift. Again, thank you for choosing me.

- Maddie Guest

Thank you!
